Other Information

Usage information

We have an easy-to-use usage meter where you can keep track of your usage, view your past statement and pay your bills.

We'll also provide you with SMS usage alerts when you exceed your monthly limit for your Call and Data Allowances. To view your usage, you can login to the customer portal at:

switchedonaustralia.com/members.php

Please bear in mind, that usage records are provided to us from our host network which runs about 48 hours behind actual usage. This delay could be greater if there are outages. For that reason, we highly recommend you monitor and adjust your usage regularly, as notifications of usage and your usage meter may be affected by this delay.

Billing

Your bill is payable on the **15th of each month**. Each bill includes any applicable usage charges, plus the Minimum Monthly Charge in advance. When you first start a plan or change your plan part way through a billing period, your first bill will have additional charges so may be higher than expected.

Your first bill will include charges for part of the month from when you took up your plan until the end of that billing cycle, in addition to the minimum monthly charge in advance for the next billing cycle. You'll also only receive a proportion of your monthly data allowance based on the number of days left in the billing period, and your full monthly data allowance in the next month. For more information on billing visit our website at:

switchedonaustralia.com/members.php

Connection timeframes

Once we've accepted your application, we'll try to connect your home phone service on the date you ask for, but this might not always be possible. If there has been a previous working home phone service at your property and we can reconnect it without having to visit your property, the local telephone exchange or anywhere in between, then we aim to connect the service within two working days of your request.

If this isn't possible, then we aim to connect your service within 5 to 15 working days, depending on your location.
